Wm. Waldorf has outgrown his side of the shop with the Porter Electric Co. and has rented the store room formerly occupied by Allen T. Wood at 510 Locust. This room is next door to the old location and Mr. Waldorf is moving his tools and stock into the new location, without having to carry it very far. When he gets settled he will be in a position to show his line of furnaces and plumbing goods to better advantage and to take care of his contract and repair business in good shape.

Engineer Heintion of the University Extension Service has been called by the County Agent to look over Drainage Project for Mr. Ralph Saul and R. O. Chamberlain. Those interested in such work may profit by being present at the times these pieces of land are surveyed, when an opportunity for asking questions will be offered. It should be understood that the work of the Extension Engineer is only demonstrational. One or two such Extension projects for the County should be sufficient from an educational standpoint.

GARDENERS ARE URGED TO GROW CARROTS AS A FOOD TO IMPROVE HEALTH.

North Platte people should grow carrots for those who can eat them. Not everyone likes the taste but some crave carrots as a favorite vegetable.

It is an old saying, "Carrots for beauty and beets for strength," and while this can not be taken literally it has a great amount of truth in it. From the standpoint of health, carrots are very important as a diet, and their culture is so simple that any gardener can grow them. Rich, well-prepared soil is the first essential. Good seed is important, and the seed should always be that which was saved the previous year. Oxheart and Chantenay are the varieties most commonly planted. Space the rows 15 to 18 inches apart. One ounce of the seed is sufficient for 100 feet of row. Cover the seeds one-half inch deep and keep the crust slightly broken over the seeds until they come up. Thin twice, finally leaving the plants 3 to 5 inches apart in the row, those pulled during the second thinning being used as "baby" carrots on the table.

BOY SCOUTS MAKE WONDERFUL SHOWING DURING THE LAST FOUR MONTHS.

The report of Wm. M. Barriball, Scout Executive for the Lincoln County Council, Boy Scouts of America, has been compiled to June 1st. It is a wonderful record of progress. Below we give the chief items in tabulated form. The first is the number on February 1, the second on June 1, and the last the per cent increase.

	Feb. 1	June 1	% Inc.
No. of Scouts	90	190	110
No. of Troops	4	10	150
No. Second Class Scouts	6	94	1500
No. First Class Scouts	0	3	100
No. Scoutmasters	4	10	150
No. Asst. Scoutmasters	3	8	150
No. Troop Committeemen	15	45	200

A total of thirty men attended the various sessions of the Scout Leaders' Training Schools. Twelve of these graduated. Thirty picked boy leaders completed the Patrol Leaders' Training Course. All troop meetings have been standardized and a uniform program is being carried out. Fifty-one badges of various grades have been awarded to the local Scouts. The local Council has become the Lincoln County Council and has re-registered as a First Class Council instead of a Second Class. Many rallies, demonstrations, hikes, banquets, contests and athletic events have been held at different times during the four months Mr. Barriball has been Scout Executive.
